**AUDIO VISUAL FUND** - Technology is always on the move. Our system here is in need of major updates and we wish to do it right. A few years ago lightning affected our church and we are still discovering the affects of that strike. Some preliminary study and quotes have shown us that we need to start a fund. The cost is estimated between \$10-12,000. We are still gathering quotes & info. Be in prayer and consider giving to this important upgrade.
